INABURRA YEAR 10 GLOBAL EDUCATION PROGRAM

REMOTE AUSTRALIA

The Remote Australia Global Education program offers students the opportunity to explore some of the more isolated communities in the country.

Students who choose this option will have the opportunity to immerse themselves in local activities and culture as well as learning about and serving indigenous and disadvantaged communities in the region.

"Remote Australia was an experience I will never forget and one that has changed me as a person. Seeing a different way of life has opened my eyes to an entirely different world that is not that far away."
Bethany, Global Ed 2017
