

INABURRA SCHOOL

# INABURRA YEAR 10 GLOBAL EDUCATION PROGRAM

## EAST AFRICA - KENYA EXPEDITION

The Kenya expedition is a service based program in which students will travel and partner with Camps International and local villages to support education and community projects.

Students will contribute to a range of projects helping support education and community development in two rural communities. They will live and work alongside local peoples, learning about the challenges they face as well as the rich traditions and culture of Kenya, as well as experience truly incredible wildlife up close on safari.

*Despite their limited possessions, the Kenyans are some of the happiest, kindest people I have ever met, willing to drop everything to please you in a second and always with the biggest smile.*
